1. judge 2. glass ceiling 3. gender 4. Supreme Court 5. just

CLIP

No law firm in NY wanted to hire her

There were no women in federal courts until she was appointed

Robes were made for male judges

She felt very lonely while serving in the Supreme court

A Woman Who Made A Difference

Similarities:

Both came from low-income families//Both dedicated themselves to their studies//Both weren't afraid to stand for what they thought was the right thing to do//both started their career in male-dominated societies

Differences:

Curie was a chemist while Ginsburg was a lawyer and a judge

Curie lived in France , Ginsburg in the USA

Curie didn't try to change society, Ginsburg did
